

CHILDREN'S LITERATURE

My brother likes to memorize a lot.
He knows **so many facts!**

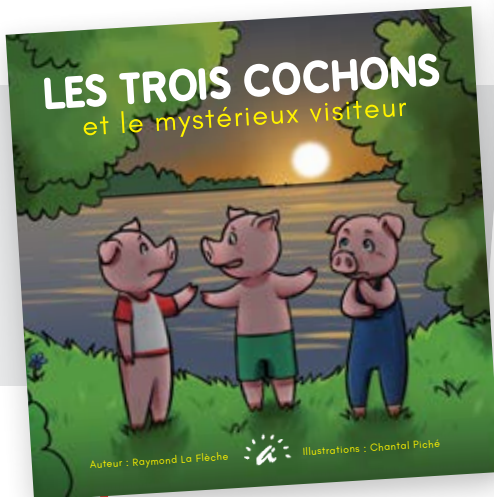

Mommy tells me that Levi has a super powerful **memory** about things that are very interesting to him. Sometimes I get tired of hearing about dates and numbers, but that's what best friends do... **Listen.**

I wonder why I can't memorize as many things as he can. Mommy reminds me that **gifts** too, like art

My Brother and Me and ASD

Drawing inspiration from her own family, the author tenderly describes a young girl's relationship with her brother, Levi, who has an autism spectrum disorder. The tone is light and fun, and the illustrations perfectly capture moments of everyday life.

Les trois cochons et le mystérieux visiteur

A strange and mysterious animal is roaming around and causing trouble for the three pigs. Who is this visitor? Where is he from? What does he want?

This story takes a funny and poetic approach to themes related to science and social studies, as well as empathy, acceptance, cooperation and being open to change.
